ALL TRANSPORTATION PERMIT APPLICANTS IN CALIFORNIA

Dear Applicant:

This letter is to provide additional clarification about our requirement as described in our previous letter dated June 22, 2001. In general, anytime an extralegal vehicle or load crosses a State highway or moves under or over a State owned bridge a permit is required.

Please note that the intent of that letter was to have the applicants for single trip permits inform us about the direction of their trip on local streets and roads before entering or after exiting State freeways or expressways. If an overheight (greater than 14 feet) vehicle or load must move under a State owned bridge before entering an on-ramp or after exiting an off-ramp, the vertical clearance under the bridge must be checked before issuing a permit.

The requirement for additional information does not apply to Annual Permit holders.

Sincerely,

A handwritten signature in cursive script, appearing to read 'N. Ebrahimi'.
